INSULATING TESTING - VOLTAGE SURGE GENERATOR AS PER IEC 61180-1 / IEC 60060-1 / IEC 60335-1 AND IEC 60664-1

The voltage surge generator vsurge NX15 is specifically designed to generate high voltage transients as required by IEC 61180, IEC 60060-1, IEC 60335-1 and IEC 60664-1 for insulating testing. The purpose of these tests is to verify that clearances will withstand transient overvoltages. The impulse withstand test is carried out with a voltage having a 1,2/50 µs waveform.

The requirements of the tests are satisfied if no indication of disruptive discharge or partial breakdown is obtained.

HIGHLIGHTS

- › Voltage surge impulses up to 15 kV
- › Specified tolerance +/- 3 %
- › Compliant to IEC 60335-1, IEC 60060-1, IEC 61180 and IEC 60664-1
- › Peak voltage and peak current measurement
- › External synchronization up to 690 V
- › Interlock and Warning lamp control
- › USB, Opto Link and Ethernet interface

OPERATION

SPECIFICATION OF WAVE SHAPE

The specification is in accordance with IEC 61180 and is different to the surge impulse definition as per IEC 61000-4-5.

Definition of front time T1: Virtual parameter defined as 1/0.6 times (or multiply by 1.67) the interval T between the instants when the impulse is 30 % and 90 % of the peak value on the test voltage curve (points A and B)

SOFTWARE

IEC.CONTROL-NX SOFTWARE FOR CONTROL AND DOCUMENTATION

Outstanding user convenience, clearly structured windows and operation features and the EM TEST standards library along with the flexibility to generate user specific test sequences very easily are the main features of iec.control-NX software. The software is automatically configured according to the connected EM TEST generators. Extensive reporting capabilities help the user to create test reports that meet international requirements.

iec.control is supported by Windows 7, Windows 8 (64 Bit) and Windows 10. Remote control is achieved either via Ethernet or opto link with USB at the computer. The iec.control-NX supports various interfaces for control external measuring instruments.
