

HUB BLADE

A WIDE SELECTION
OF DICING BLADES

ADT, a worldwide leader in dicing solutions, is pleased to add a full line of **Hub Blades** to its wide range of products.

ADT's Dicing Saws, Blades and Peripheral Products offers a wealth of dicing know-how and experience accumulated over four decades. We offer our customers a comprehensive solution - a unique blend of research, development and process skills.

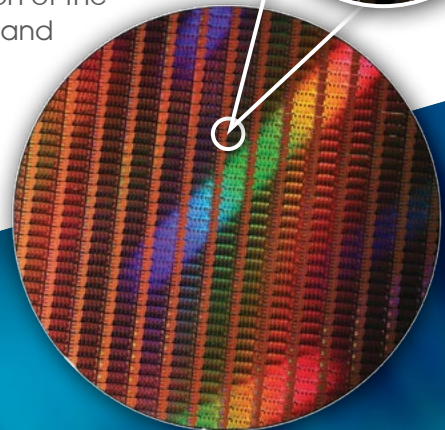

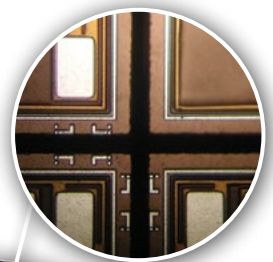

Our blades selection is comprised of the following product technologies distinguished by type of the binder:

- › Resin-bond Blades
- › Metal-bond Blades
- › Nickel-bond Annular Blades
- › Nickel **Hub Blades**

ADT's range of **Hub Blades** is a perfect solution for the optimization of the dicing process for various types of materials such as: Silicon, GaAs and other wafers.

Our Hub Blades provide:

- ✓ Improved cut quality
- ✓ Longer blade life
- ✓ Higher UPH

HUB BLADE
